Chapter 9
Case No. 13-53846
Hon. Steven W. Rhodes

Luanda J. Darrah's Response to Debtor's Objection to
Claim Number 3236 Filed by me, Luanda J. Darrah

I amend my claim and request \$450 million
(four hundred and fifty million dollars) for compensation
for the harm I suffered because the world's largest
incinerator has continued to operate and emit dioxins
toxins into the air I breath, since its inception
during the late 1980's; and even though the ^{year} 2000
scientific report on Waste ~~Man~~ Incineration and
Human Health links dioxins as degrading human health
our public health, the city has continued to operate
this incinerator which continues to emit carcinogens
causing cancer, asthma, and degrading the health
of the public in and outside of Detroit. I live
and have lived in Detroit since 1967, several miles from
the incinerator and its toxic emissions.
